Rev Secy 23/8

3) I do not think that any such communication from Govt. to the M.S.M. Rly Co as that proposed by the Sani Comr is necessary. The Co has a ~~regular~~ Medical Staff of its own which attends to this class of work on Railway premises. If there was failure in the particular instance the Sani Comr may himself communicate with the Rly authorities and bring the omission to their notice.

2nd member — Agree. I do not think any remark whether in the state is necessary in matters like municipal limits — 24.8.24

H.H. the Maharaja of Mysore, BANGALORE.

To

B. Ramasawmaiya, Esq., B.A.,B.L.,
Secretary to Government of Mysore,
Revenue Department, B A N G A L O R E.

Sir,

I have the honor to state that the Railway Assistant Surgeon at Dharmavaram wired on the 17th Instant to the District Medical and Sanitary Officer, Bangalore District, of the occurrence of a fatal case of cholera in the Railway premises at Dodballapur on the 16th Instant. On my proceeding to the place on the 18th Instant to see what could be done to prevent the possible spread of infection to the town and neighbouring villages, I found that no preventive or precautionary measures whatever had been adopted by the local Railway Staff. I understood that the Railway Medical Officer concerned neither visited the place nor arranged for any disinfection. In the interests of the safety of the town the infected railway lines had to be disinfected under ~~ex~~ my instructions by Municipal agency.

2. In view of the possibility of the fatal attacks of cholera being one of ~~the~~ series of cases likely to occur in villages along the railway line in consequence of the prevalence of the disease in the adjoining British Taluks, I have stationed one of the Reserve Sanitary Inspectors at Dodballapur and another at Goribidnur to be on vigi-

To

B. Ramasawmaiya, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Revenue Department, BANGALORE.

Sir,

In continuation of my letter No. C 184 dated the 20.8.21, I have the honor to request that you will be so good as to address the M & S.M. Railway Co., to kindly arrange for disinfection and other preventive measures being carried out promptly whenever a case of cholera occurs in the Railway premises. As already reported no action whatever had been taken in connection with the fatal case that occurred in the railway premises at Dodballapur on the 16th Instant.

2. It is also very important that the railway authorities should intimate the occurrence of cholera and other infectious diseases to (i) the President of the Municipal Council (if the place is a Municipal town) (ii) to the Amildar of the Taluk (iii) the District Medical and Sanitary Officer and (iv) the Sanitary Commissioner. In the present case information had been sent only to the District Medical and Sanitary Officer, Bangalore District, while the Municipality - who were immediately concerned - were unaware of the occurrence of the case until my visit on the 18th Instant.

Do all this really necessary? I wonder they agree? The local authorities must be able to find out themselves.

I have
